DSD Business Systems is Selected as a 2009 Technology Pacesetter by Accounting Technology Magazine for the Fifth Consecutive Year

San Diego, CA, May 2009 - DSD Business Systems, San Diego's leading provider of enterprise software solutions, is pleased to announce that it has been chosen as a Technology Pacesetter for 2009 by Accounting Technology - a magazine published monthly by SourceMedia.

The magazine gives this award each year to 100 organizations that market financial software applications in the mid-market. Companies in the accounting software channel are recognized based on awards won by the organization, leadership, industry reputation, sales and growth. This marks the fifth consecutive year that DSD has been chosen and recognized for this award.

"Companies that were picked for inclusion in the VAR 100 list sold mid-level accounting software packages and were selected based on their status on Dec. 31, 2008, unless otherwise noted. In a few cases, pro forma results were used," said Robert Scott, Editor of Accounting Technology.

A noteworthy mention of DSD Business Systems' recent merger with Horizon Information Systems is found in Scott's article. DSD is recognized for "expanding its efforts with Sage's Accpac line." Scott acknowledges that VAR 100 members did their share of mergers and acquisitions last year: "While DSD has historically been a MAS VAR, Deane notes, 'We believe that Accpac ERP has more upside than any other product in Sage's portfolio'"

Robert W. Scott is Editor of Accounting Technology and can be reached at: Robert.Scott@SourceMedia.com

WebCPA.com has published the names of all 100 organizations that have made the list: [The VAR 100](#)

ABOUT DSD BUSINESS SYSTEMS

Founded in 1984, headquartered in San Diego, California, DSD Business Systems is a national award-winning Enterprise Software Solutions Provider. Serving the needs of small- to medium-sized companies, we specialize in a service-oriented approach to integrating accounting and business management systems with information technology. By automating our customers' business processes, we help growth-oriented companies turn disconnected data into reliable information. DSD's success extends beyond system integration – from network configuration, hardware, and technical support to web development, search engine optimization, and system security. DSD has been a Sage President's Circle award winner for thirteen consecutive years and has been nationally recognized by Accounting Technology Magazine as a Technology Pacesetter and Top 100 VAR firm. www.DSDinc.com.
