### **Pete Morone of DSD Business Systems is Recognized by the California State Senate for Leadership, Volunteerism and Dedication to Public Service**

**SAN DIEGO, CA - June 12, 2009** - DSD Business Systems is pleased to announce that its Vice President of Sales, Pete Morone, has been recognized by the California State Senate for his volunteerism, dedication to public service, community activism and leadership. Pete graduated from the San Diego East County Chamber of Commerce Leadership Class in June 2009 and is commended for his commitment to serving others through community involvement.

A key component of DSD Business Systems' values is investing in its employees. As its Statement of Values indicates:

*Take care of your health and mental well-being. Set personal goals and create a plan for achieving them. Be leaders and role models in your family and in your community. Make a positive impact on your world and make it a better place to live in. DSD is willing to help you achieve your personal and business goals in any way that we can.*

"DSD Business Systems enrolled Pete Morone in the East County Chamber of Commerce Leadership Program at great expense, not the least of which was his time spent away from work every month," said Doug Deane, President of DSD Business Systems. "We believe that the cost was well worth the benefit to Pete, to DSD as well as to our community because DSD and the City of San Diego now have a new leader. We are very proud of Pete for the accomplishment of completing this comprehensive course."

#### **ABOUT DSD BUSINESS SYSTEMS**

Founded in 1984, headquartered in San Diego, California, DSD Business Systems is a national award-winning Enterprise Software Solutions Provider. Serving the needs of small- to medium-sized companies, we specialize in a service-oriented approach to integrating accounting and business management systems with information technology. By automating our customers' business processes, we help growth-oriented companies turn disconnected data into reliable information. DSD's success extends beyond system integration – from network configuration, hardware, and technical support to web development, search engine optimization, and system security. DSD has been a Sage President's Circle award winner for thirteen consecutive years and has been nationally recognized by Accounting Technology Magazine as a Technology Pacesetter and Top 100 VAR firm.
