Section A: Introduction

This manual contains a description and instructions for this DSD product. Operating instructions are included for the features added by this product to MAS 90. For instructions on using MAS 90, refer to the appropriate MAS 90 manual, or call your MAS 90 reseller. DSD Business Systems offers excellent MAS 90 support, at an hourly rate.

Web Resources

DSD web site: <http://www.dsdinc.com>

The Enhancement page contains:

- Current Release Schedule*
- Purchasing Information*
- Installation Instructions*
- Product Support*
- Enhancement Links*

GLMC G/L Multi-Currency: <http://www.dsdinc.com/enh/pages/GLMC.htm>

The product web page contains:

- Product Description*
- Adobe Acrobat Product Description*

Support

DSD provides product support through MAS 90 resellers. Support is provided for the current version. Older versions are supported at an hourly rate. DSD's telephone number is **858-550-5900**. Fax: **858-550-4900**.

For a hard error, where the program displays an error dialog, report:

- Error number.*
- Program name.*
- Line number.*

Program version.

Exact sequence that caused the error, including menus and menu selections.

Other pertinent information.

If leaving a message or faxing, please include:

Your name.

Your phone number (and fax if applicable) and extension.

It is possible to be unable to duplicate a problem, because of data corruption or because we have not exactly duplicated a particular operating environment. In such circumstances, we can only continue to try to fix the problem if we can either access the system with Symantec PCAnywhere or by some other means access or duplicate the system.

How G/L Multi-Currency Works

The CUMC module (created for MAS90 / MAS200 versions 4.00 and higher), now has the Base Currency and Alternate Currency setup. Please refer to that manual prior to reading this manual.

GLMC provides the following capabilities:

1. Multi-Currency Data Entry in General Journal Entry and Transaction Journal Entry. The General Journal and Transaction Journal print both Transaction Currency amounts and Base Currency Amounts on the same journals.
2. General Ledger Reports may be printed in different Currencies. Financial reporting can be produced in Base Currency, FASB 52 Currency, or any other maintained Currency, using the Historical Exchange Rate or a Current one.
3. FASB 52 reporting for US-owned foreign companies is fully integrated.

Multi-Currency G/L Features

- **Base Currency:** Please refer to the CUMC User Manual when setting up your Base Currency. The Base Currency is the currency in which all General Ledger transactions will be maintained. The Base Currency is the "functional" or "local" currency of the Base economic environment in which the Company operates. Also referred to as "Primary" or "System" Currency. You may specify a Round-off Account to use when printing financial reports in other currencies.
- **FASB 52 Foreign Currency Translation:** Please refer to the CUMC User Manual when setting up your FASB 52 Currency. You may define a Foreign Currency to be used when generating Foreign Translated Financial Statements conforming to FASB 52 requirements. You may change the FASB 52 Currency at any time and recalculate the FASB 52 amounts. You may specify an Equity Adjustment from Translation Account to use when printing Financials in FASB 52 Currency.
- **FASB 52 Foreign Currency Translation Method:** You may specify the FASB 52 Translation (Historical Rate or Current Rate) in Account Group Maintenance, Main Account Maintenance,

and Account Maintenance. Additionally, there is an **Update FASB 52 Translation** utility on the Multi-Currency Utilities Menu that allows update of this setting from Account Group to Main Account, and from Main Account to Account.

- **Multi-Currency General Journal Entry:** You may define a Currency Code and Exchange Rate when doing General Journal Entry. The General Journal will print in both Base Currency and Transaction Currency.
- **Transactions Posted to the Bank Reconciliation module in Bank Currency:** Transactions posted from the Transaction Journal to Bank Reconciliation are posted in the Bank Currency for Reconciliation purposes.
- **Print Reports in Any Currency:** Print any report in Base, FASB 52 or Other Currency using As Posted or Current Amounts in either Buy, Sell or an Override Rate.

Reports

GLMC modifies:

- Account Group Listing
- Financial Statements
- Chart of Accounts
- G/L Detail Report
- G/L Detail by Source Report
- General Journal
- Main Account Listing
- Transaction Journal
- Trial Balance

Multi-Company Features

The G/L Multi-Company (GLMU) features that were present in prior versions of G/L Multi-Currency has been **removed** and will be added back in at a later date.

Section B: Getting Started

CAUTION

- **If you reinstall or upgrade one of the MAS 90 modules listed in the following table, you must also reinstall this Enhancement.**
- Enhancements from different Master Developers are generally not designed to work together. If installed together, problems are likely to occur.
- **Check with DSD before installing more than one Enhancement.**
- **Do not install this Enhancement on MAS SQL Systems.**

Required Levels

MAS 90 Module	Module Required	Required Level
C/U	Y	4.30
G/L	Y	4.30

Installation

The following instructions are for installing to Windows. For UNIX instructions see the "INSTALL.HTM" HTML file on the CD-ROM (you can use a Windows machine to view it.) It will guide you in mounting the CD-ROM on the UNIX file system and running a UNIX installation script.

1. **Back-up:** Exit all MAS 90 / MAS 200 sessions. Back-up existing MAS 90 / MAS 200 data.
2. **Check Levels:** MAS 90 / MAS 200 module levels **must match** those listed above.
3. **Run Enhancement Setup Program:** Save the executable installation program (sent to you or downloaded from our website) in a convenient location on the MAS90/200 server. Launch the program from Windows Explorer or by selecting Start/Run, then browse for the file in the location you saved it. Follow on-screen instructions.
4. **Re-Start MAS 90 / MAS 200:** MAS 90 / MAS 200 will be updated.
5. **Unlock the Enhancement:** DSD Enhancements must be unlocked to run. When any part of the Enhancement is run for the first time, the **DSD Enhancement License Agreement and Activation** window will appear. Follow the steps shown on that window. *You can click the Help button for more detailed instructions.*

Note: On the next page is a screenshot of the DSD Enhancement License Agreement and Activation window.

After accepting the License Agreement, you can then select the type of unlocking that you'd prefer. The choices are Normal, Demo and Web.

Normal Unlock: You will need to unlock the Enhancement by calling DSD during business hours (8am to 5pm PST) at **858-550-5900**.

Web Unlock: If the system that is running the DSD Enhancement *has web access* and you have a DSD WebUnlock code, you can unlock the Enhancement without assistance using WebUnlock. When this option is selected, the window will change to show the WebUnlock entry section. Enter the WebUnlock code and click the Unlock button.

- Entering a WebUnlock code will unlock all DSD Enhancements that have been licensed.
- The MAS 90 / MAS 200 system that is being used must have web access for this option to be available.
- You can get a WebUnlock Code from your DSD Enhancements sales representative.

Demo Unlock: If a Demo mode is available for the Enhancement you're running, you will be able to Demo unlock the product without assistance from DSD for demo purposes.

- Creating a Demo Unlock is a good way to temporarily unlock DSD Enhancements off-hours, if you do not have web access and/or a WebUnlock code. Later, you can unlock the product fully, during business hours.

Note: You can also unlock a DSD Enhancement through the **DSD Enhancement Control Panel** found on the Library Master Utilities Menu. Then, select the Enhancement with your mouse from the list of Enhancements and click the **Unlock Product** button on the right side of the window.

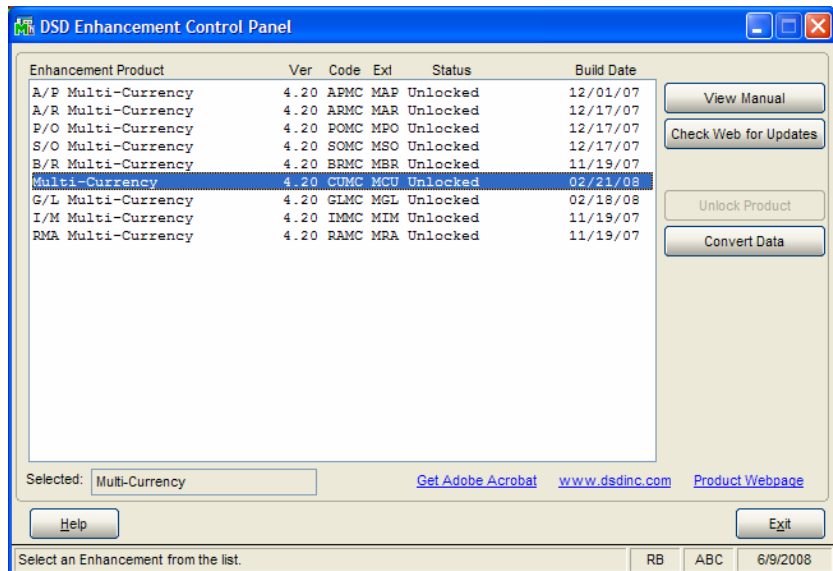

6. **Convert Data:** After registration, the Data Conversion window will appear. Follow on-screen instructions to complete data conversion. You can exit the conversion program without converting data. The Enhancement will not proceed, however, until data is converted. If you enter an enhanced program and data has not been converted, the conversion program will run again.

DSD Enhancement Control Panel

Starting with version 3.61, all DSD Enhancement products include DSD's Enhancement Control Panel. The **DSD Enhancement Control Panel is accessed from the Library Master Utilities menu.**

The DSD Enhancement Control Panel is a simple to use yet powerful system to help maintain DSD Enhancements installed on a MAS 90 / MAS 200 system. To use it, select an Enhancement product from the list on the window and then click the button, on the right side of the window, which corresponds with the desired task.

View Manual: This button will display the product manual for the selected Enhancement using Adobe Acrobat. For this to be possible, the PDF file for the corresponding manual must be in the "MAS90/PDF" folder in the MAS 90 system. If the file is not present, and the system has web access, the correct PDF file will be automatically downloaded from the DSD website, put into the "MAS90/PDF" folder and then displayed.

Check the Web for Updates: This button will check the DSD website to see what the current build is the selected Enhancement and alert the user if a later version is available. *This requires an ftp web connection on the MAS 90 / MAS 200 system.*

Unlock Product: This will cause the DSD Enhancement License Agreement and Activation window to appear. Using this window is described on the previous page. *This button is disabled if the selected Enhancement is already unlocked.*

Convert Data: After verification, the selected Enhancements data conversion program will run. Data conversion is non-destructive, and may be triggered any number of times. Sometimes this is required to fix data records imported or updated from a non-enhancement installation.

Help: The Help button, located at the bottom left of the window, opens an HTML help file .

Get Adobe Acrobat: Opens the Adobe Acrobat website to the page where Acrobat can be downloaded and installed.

There are also links to the DSD website and the Enhancement page on that site.

SECTION C: Setup

G/L Multi-Currency Set-up

Set-up Procedure Overview

Set-up CUMC Multi-Currency before any other modules. Set-up all installed modules, before performing transactions in any modules.

1. Install General Ledger Multi-Currency, as described, above. It is Ok to install all of the DSD Multi-Currency modules at once, however, you need to set-up the modules in a particular order starting with CUMC (*see below*).
2. In the C/U Setup Menu, run Multi-Currency Options, and set up the Base Currency. The conversion program has to know the Base Currency to be able to do the Multi-Currency conversion for all modules.
3. If required, set-up FASB 52 and accounts. Be certain that Reporting accounts are not used anywhere else. The conversion program will run after this setup
4. Set-up any other currencies in CUMC, Currency Code Maintenance.
5. In G/L Setup, run G/L options, which will run the conversion program for GLMC.

Order in Which to Convert Data and Set-up Multi-Currency Modules

General Ledger Multi-Currency must be set-up and converted first as other conversions rely on GLMC data during conversion and set-up. Note that the modules are converted/set-up in the same order that they appear on the Modules menu in the MAS 90 Launcher program.

1. Multi-Currency (CUMC)
2. General Ledger Multi-Currency (GLMC)
3. Accounts Receivable Multi-Currency (ARMC)
4. Accounts Payable Multi-Currency (APMC)
5. Inventory Management Multi-Currency (IMMC)
6. Sales Order Multi-Currency (SOMC)
7. RMA Multi-Currency (RAMC)
8. Purchase Order Multi-Currency (POMC)
9. Bank Reconciliation Multi-Currency (BRMC)

Avoid a Support Call

Keep these notes in mind while installing and setting-up Multi-Currency.

1. Once the Base Currency is set-up, it *cannot* be changed.
2. You *have to* set-up/convert the various Multi-Currency modules in the proscribed order. CUMC *must* be first.
3. Do not invert exchange rates. See **Exchange Rates** for details and examples.
4. Make sure that **Round-off for Reporting** accounts are not used elsewhere.
5. Set-up each Multi-Currency module installed on the system before performing any transactions in any module.

Data Requirements

Before beginning the Multi-Currency Startup process, you should have the following information available:

- List of Currencies used including the Base Currency and all foreign currencies in which the company processes transactions.
- Exchange Rates for all foreign currencies used.
- Round-off Account number to be used in General Ledger postings and reports.

Additionally, if you will be using the **FASB 52** reporting capabilities of this module, you will need this information before starting:

- FASB 52 Reporting Currency including its Exchange Rates.
- Equity Adjustment from Translation Account number to be used when printing FASB 52 Translated Financial Statements.
- FASB 52 Translation Type (Historical or Current) to be used for each Account Break.
- FASB 52 Beginning Balance for each account in the FASB 52 Reporting Currency.

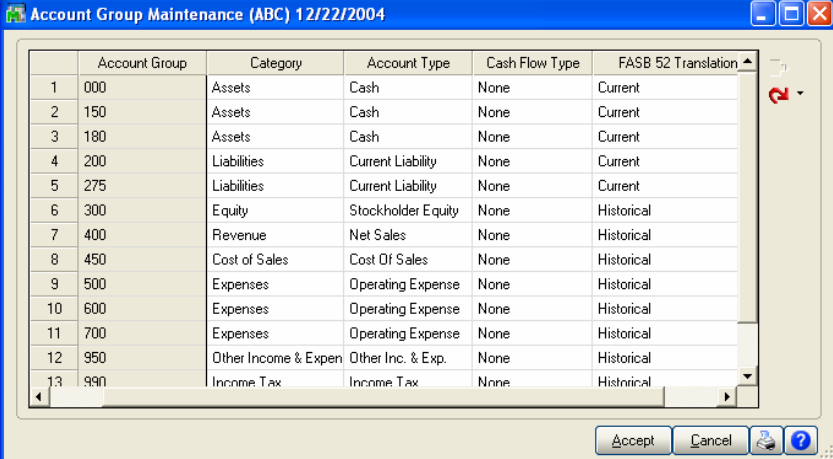

A new **Currency Button** has been added to all Multi-Currency related screens. Select this button to access the new Multi-Currency fields.

Account Group Maintenance

If you checked the **FASB 52 Translation Required** check box in the Multi-Currency Options, the Account Group Maintenance list box will have a new column enabled: **FASB 52 Translation**.

Select the cell to change and utilize the drop box to maintain each Group setting.

The Account Group Listing has been enhanced to print this new setting.

	Account Group	Category	Account Type	Cash Flow Type	FASB 52 Translation
1	000	Assets	Cash	None	Current
2	150	Assets	Cash	None	Current
3	180	Assets	Cash	None	Current
4	200	Liabilities	Current Liability	None	Current
5	275	Liabilities	Current Liability	None	Current
6	300	Equity	Stockholder Equity	None	Historical
7	400	Revenue	Net Sales	None	Historical
8	450	Cost of Sales	Cost Of Sales	None	Historical
9	500	Expenses	Operating Expense	None	Historical
10	600	Expenses	Operating Expense	None	Historical
11	700	Expenses	Operating Expense	None	Historical
12	950	Other Income & Expen	Other Inc. & Exp.	None	Historical
13	990	Income Tax	Income Tax	None	Historical

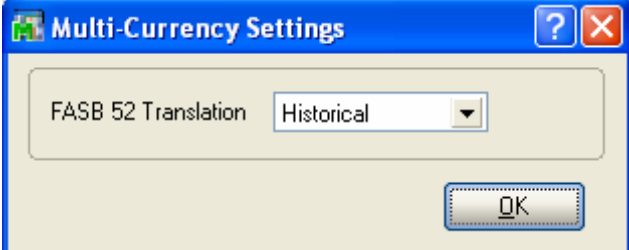

Main Account Maintenance

If you checked the **FASB 52 Translation Required** check box in the Multi-Currency Options, the Main Account Maintenance Screen prompt will include a new **Currency Button**.

The **FASB 52 Translation** setting to be used by each Main Account can be maintained. When an individual Main Account is created this field will default to the value entered in its corresponding Account Group. The user may later modify the field in a specific G/L Account through the Account Maintenance option in the G/L Main menu.

Select this button to access the following Multi-Currency Settings panel:

FASB 52 Translation: Select **Historical** to use the Historical Rate method when performing FASB 52 - Foreign Currency Translations for this Main Account or **Current** to use the Current Rate method.

Multi-Currency Settings

FASB 52 Translation: Historical

OK

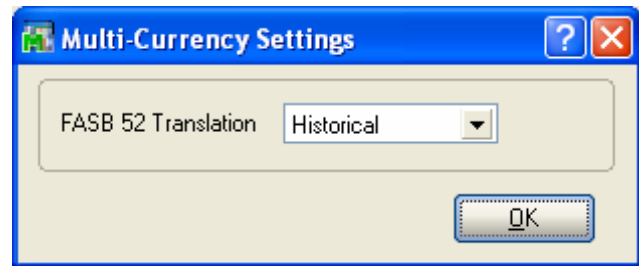

Account Maintenance

If you checked the **FASB 52 Translation Required** check box in the Multi-Currency Options, the Account Maintenance Screen prompt will include a new **Currency Button**.

The **FASB 52 Translation** to be used by each Account can be maintained. When an individual Account Number is created this field will default to the value entered in its corresponding Main Account.

Select this button to access the following Multi-Currency Settings panel:

FASB 52 Translation: Select **Historical** to use the Historical Rate method when performing FASB 52 - Foreign Currency Translations for this Account or **Current** to use the Current Rate method.

Note: There is a utility on the Multi-Currency Utilities Menu called “Update FASB 52 Translation.” Using this utility will allow you to quickly set the FASB 52 Translation setting from Account Group to Main Account, and also from Main Account to Account.

Section D: System Operations

General Journal Entry

The General Journal Entry Header Panel has been modified to include a new **Currency Button**. Select this button to access the **Multi-Currency Settings** screen:

Transaction Currency: Enter the Transaction Currency Code for the General Journal entry. Select the Lookup Button to list all Currency Codes on file.

If amounts have already been entered, and the currency is changed, the entry amounts remain the same and will be considered to be in the new currency.

Exchange Rate: Enter the Exchange Rate for the General Journal entry. The rate will default to the exchange rate found in Currency Code Maintenance for the Invoice Date. If the default exchange rate is overridden, then the entry amounts remain the same and will be converted to Base Currency when posting to General Ledger using the new Exchange Rate.

Post to FASB 52 File: Select this check box to post the journal transactions to the FASB 52 accounts. This field will only be enabled if you checked the **FASB 52 Translation Required** check box option in the General Ledger Options.

FASB 52 Rate: If you selected the **Post to FASB 52 File** check box, you have the option of overriding the FASB 52 Rate. The default will be the rate found in Currency Code Maintenance for the FASB 52 Currency for the Posting Date.

General Journal

The General Journal has been modified to print both Transaction Currency and Base Currency information **on the same journal**. The Currency Code and Exchange Rate will also be printed on the Journal.

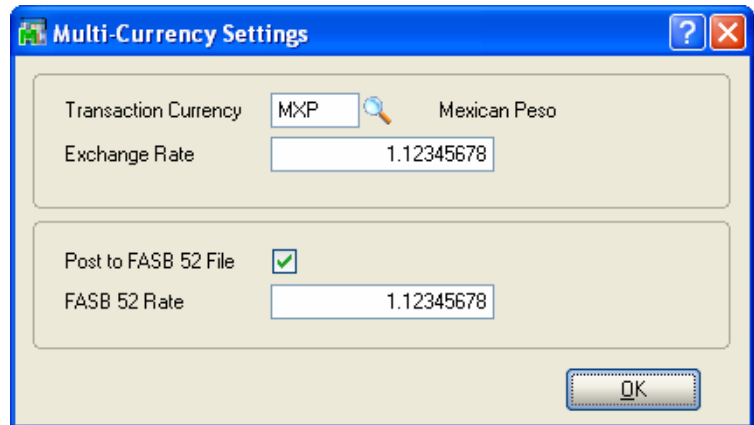

Transaction Journal Entry

The Transaction Journal Entry Header Panel has been modified to include a new **Currency Button**. Select this button to access the **Multi-Currency Settings** screen:

Transaction Currency: Enter the Transaction Currency Code for the Transaction Journal entry. Select the Lookup Button to list all Currency Codes on file. The system will ask you for the Supervisor Password if one was set up in General Ledger.

If amounts have already been entered, and the currency is changed, the Transaction amounts remain the same and will be considered to be in the new currency.

Exchange Rate: Enter the Exchange Rate for the Transaction Journal entry. The rate will default to the exchange rate found in Currency Code Maintenance for the Transaction Date. If the default exchange rate is overridden, then the entry amounts remain the same and will be converted to Base Currency when posting to General Ledger using the new Exchange Rate.

Transaction Currency	MXP	Mexican Peso
Exchange Rate	1.12345678	
Post to FASB 52 File	<input checked="" type="checkbox"/>	
FASB 52 Rate	1.12345678	

Transaction Journal

The Transaction Journal has been modified to print both Transaction Currency and Base Currency information **on the same journal**. The Currency Code and Exchange Rate will also be printed on the Journal.

Section E: Reports

When printing some General Ledger Reports, you may define the Currency and Exchange Rate to use. A new **Currency Button** has been added to the Report Panel, and when selected, the following screen will be displayed (This screen will vary slightly depending on the report being printed and the options entered):

Currency Range: Enter a range of Currencies for a specific group of transactions. Select the List Mode to list all Currencies on file. This field will be displayed only for reports that print amounts from individual transactions.

Printing Currency: Select **Entry** for Transaction Currency, **Base** for Base Currency, **FASB 52** for FASB 52 Currency, or **Other** for Other Currency.

Report Name	Title	Type	Print	Group
Standard Balance Sheet	Balance Sheet	Balance	<input checked="" type="checkbox"/>	Standard
Standard Cash Flows Statement	Statement of Cash Flows	CashFlow	<input checked="" type="checkbox"/>	Standard
Standard Income Statement	Income Statement	Income	<input checked="" type="checkbox"/>	Standard

Currency Code: Enter the Currency Code in which to print all amounts. This field will be displayed only if you selected **Other** as the **Printing Currency** option.

Printing Amounts: Select **As Posted** to import all amounts As Posted or **Override Date** to convert amounts using an Exchange Rate as of an Override Date. This field will be displayed only if you selected **Other** as the **Printing Currency**.

Override Date: Enter a date using the MMDDYY format to import amounts converted to the Printing Currency using the Exchange Rate as of this date. This field will be displayed only if you selected **Override Date** as the **Printing Amounts**.

Rate Type: Select **GL Rate**, **AR/SO Rate**, **AP/PO Rate**, or **FASB 52 Rate**. This field will be displayed only if you selected **Override Date** as the **Printing Amounts**.

Round-off Account: This field will default to the account specified in the Currency Options Screen in General Ledger Options. Since currency conversion from one currency to another often requires rounding. This Round-off Account Number is for reporting purposes only, and does not result in a G/L posting of any kind.

Section F: What's new?

Version 4.00 – 4.05

1. In these versions of GLMC, the Currency Code Maintenance has been moved into it's own module: the CUMC Multi-Currency module.
2. GLMC is no longer a required module, and is only needed if:
 - a. You want to do General Journal Entry and Transaction Journal Entry in different currencies,
 - b. You want to print G/L Reports in Entry Currency, or Other currencies.
 - c. You need FASB 52 integration and need to print financials in FASB 52 Currency.
3. The G/L Multi-Company feature has been removed from this version, and will be added back at a later date.

Version 4.10

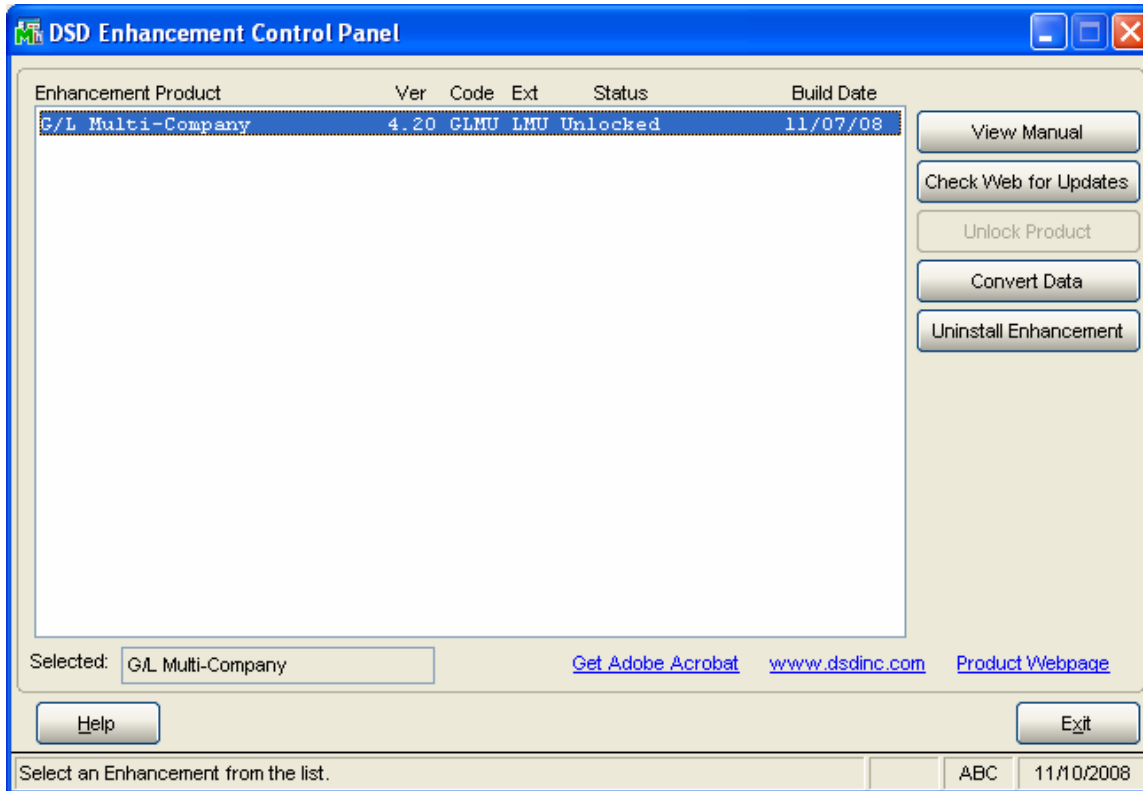

The GL Trial Balance and G/L Detail Report, condensed versions, have been updated with Multi-Currency capabilities.

Version 4.20/4.30

No new features have been added to this product.

Section G: Uninstall DSD Enhancements

A DSD Enhancements Uninstall Utility has been provided for the purposes of removing DSD Enhancements from your MAS 90/200 System. This utility may be accessed from the **DSD Enhancement Control Panel** menu option on the **Library Master / Utilities** menu.

When accessing the **DSD Utility Suite**, select the enhancement that you wish to Uninstall, and then select the **Uninstall Enhancement** button. The following message box will appear:

Select **No** to exit the Uninstall Process.
 Select **Yes** to continue with the Uninstall Process.

The following message box will appear, to remind you that a complete backup of your entire MAS90 system should be completed prior to uninstalling a DSD product.

Select **No** to exit the Uninstall Process.
Select **Yes** to continue with the Uninstall Process.

After the Uninstall of the DSD Enhancement, you MUST reinstall certain standard MAS 90/200 modules, followed by reinstallation of MAS Service Packs / Updates, if applicable.

The following message box will appear, and will display which of those specific MAS 90/200 modules you must reinstall afterwards.

Select **No** to exit the Uninstall Process.
Select **Yes** to continue with the Uninstall Process.

The following message box will appear, displaying the final warning message.

Select **No** to exit the Uninstall Process.

Select **Yes** to continue with the Uninstall Process. At this point, the DSD Enhancement will be removed from the MAS 90/200 system.

After completion of the Uninstall, the following message box will appear. Select OK to continue.

Now that the Uninstall process is completed, you must:

- Reinstall the applicable standard MAS 90/200 modules
- Reinstall the latest MAS 90/200 Service Pack/Updates, if applicable.
- Reinstall any other DSD Enhancements or Developer products that are affected from the reinstallation of the standard MAS 90/200 module(s).

License Agreement

IMPORTANT: THIS SOFTWARE IS LICENSED BY DSD BUSINESS SYSTEMS, INC. TO CUSTOMERS FOR THEIR USE ONLY IN ACCORDANCE WITH THE TERMS SET FORTH IN THIS CUSTOMER LICENSE AGREEMENT. OPENING OR USING THIS PACKAGE CONSTITUTES ACCEPTANCE OF THESE TERMS. IF THE TERMS OF THIS LICENSE ARE NOT ACCEPTABLE, THE CUSTOMER MAY OBTAIN A FULL REFUND OF ANY MONEY PAID IF THIS UNUSED, UNOPENED PACKAGE IS RETURNED WITHIN TEN (10) DAYS TO THE DEALER FROM WHICH IT WAS ACQUIRED.

1. **LICENSE. DSD BUSINESS SYSTEMS, INC.,** a California corporation as Licensor and owner hereby agrees to grant you as Licensee a non-exclusive license to use the enclosed software subject to the terms and restrictions set forth in this License Agreement. Title in and ownership of all programs and program enhancements or modifications written by DSD Business Systems, Inc. shall remain at all times vested in DSD Business Systems, Inc. The right granted by this Customer License Agreement and your payment of the non-refundable License fee is the right to use the Program in accordance with the terms of this Customer License Agreement. Delivery of a copy of the Program to you is made solely to enable you to exercise this right.
2. **COPYRIGHT.** This Program is copyrighted and all rights are reserved by DSD BUSINESS SYSTEMS, INC. and SAGE, INC. You may not copy or reproduce any part of the Program except to copy the Program for backup purposes. If you make a backup copy you must reproduce and include the copyright notice on it. The distribution of the product is intended for the use of the original Licensee only and for use only on the computer systems specified. Lawful users of this Program are hereby licensed only to read the Program from its medium into the memory of a computer only for the purpose of executing the program.

The documentation is also copyrighted and all rights are reserved. This document may not, in whole or in part, be copied, photocopied, reproduced, translated, transmitted or reduced to any electronic medium of machine readable form without prior consent, in writing, from DSD BUSINESS SYSTEMS, INC.

The Licensee recognizes that DSD BUSINESS SYSTEMS, INC. has expended considerable time, effort and money to develop the licensed Software and Manual and that DSD BUSINESS SYSTEMS, INC. will be substantially damaged by its unauthorized use, sale or distribution. In addition to recovery of all damages and the obtaining of injunctive relief as provided by law, in the event legal action must be taken to enforce this provision, the Licensee will pay DSD BUSINESS SYSTEMS, INC. all reasonable legal fees incurred in enforcing the rights of DSD BUSINESS SYSTEMS, INC. under this provision.

3. **RESTRICTIONS ON USE AND TRANSFER.** The original and any backup copies of the Program and its documentation are to be used only in connection with a single computer or network fileserver. You may physically transfer the Program from one computer to another, provided that the Program is used in connection with only one computer or network fileserver at a time. You may not distribute copies of the Program Documentation to others. The Program is to be used exclusively for business purposes and not for personal, family or household use. YOU MAY NOT USE, COPY, MODIFY, OR TRANSFER THE PROGRAM, IN WHOLE OR IN PART, EXCEPT AS EXPRESSLY PROVIDED FOR IN THIS LICENSE AGREEMENT. IN ADDITION YOU MAY NOT MODIFY, ADAPT, TRANSLATE, REVERSE ENGINEER, DECOMPILE, DISASSEMBLE THE PROGRAM, OR CREATE ANY DERIVATIVE WORK BASED UPON THE PROGRAM.
4. **WARRANTY.** DSD BUSINESS SYSTEMS, INC. software is licensed "as is" with no warranties of any kind, either expressed or implied, other than the following: DSD BUSINESS SYSTEMS will repair any bugs or flaws found in the software. Flaws of a critical nature which affect the basic functionality of the software will be repaired on an "emergency" basis, with a corrected distribution diskette sent via UPS Blue or equal. Flaws of a non-critical or cosmetic nature will be repaired on a timely basis, and a corrected distribution diskette sent via UPS ground or regular mail. All incidental or consequential damages that result from any defect in the software, even if DSD Business Systems, Inc. has been advised of the possibility of such damages will be assumed by you.

5. **LIMITED WARRANTY FOR DISKETTES.** To the original licensee only, DSD BUSINESS SYSTEMS, INC. warrants the magnetic diskette on which the Program is recorded to be free from defects in materials and faulty workmanship under normal use and service for a period of ninety days from the date the Program is delivered. Any implied warranties of merchantability and fitness for a particular purpose are limited in duration to the period of ninety (90) days from the date of delivery. If, during this 90 day period, a defect in the diskette should occur, the diskette may be returned DSD BUSINESS SYSTEMS, INC., 5120 Shoreham Place, Suite 280, San Diego, California, 92122, or to any authorized DSD BUSINESS SYSTEMS, INC. Dealer, and the diskette will be replaced without charge to you, provided that you have previously returned the Warranty Registration Card along with a copy of your sales receipt for the Program.
6. **NO OTHER WARRANTIES.** No dealer or distributor of DSD BUSINESS SYSTEMS, INC. products or any agent of DSD BUSINESS SYSTEMS, INC. is authorized to make any representation of warranty with respect to the Program except those expressly stated in the Customer License Agreement.
7. **LIMITATION OF LIABILITY.** Neither DSD BUSINESS SYSTEMS, INC. nor anyone else who has been involved in the creation, production or delivery of this program shall be liable for any direct, incidental or consequential damages.
8. **TERM.** This license is effective until terminated. You may terminate it at any time by returning the Program and Documentation together with all copies, modifications and merged portions in any form to DSD BUSINESS SYSTEMS, INC. The license will also be terminated by DSD BUSINESS SYSTEMS, INC. immediately and without notice if you fail to comply with any term or condition of this License Agreement.
9. **ACKNOWLEDGMENT.** Your opening this package, use of this program or signature on the warranty registration card acknowledges that you have read this customer license agreement and agree to its terms. You further agree that the license agreement is the complete and exclusive statement of the agreement between yourself and DSD BUSINESS SYSTEMS, INC. and supersedes any proposal or prior agreement, oral or written, and any other communications between yourself and DSD BUSINESS SYSTEMS, INC or dealers and distributors of DSD BUSINESS SYSTEMS, INC products relating to the subject matter of this agreement.
10. **ASSIGNMENT.** You may not sublicense this license or the Program. You may not rent this Program or the use of the Program. You may not transfer this copy of the Program unless the recipient agrees in writing (and a copy of such acceptance is sent to DSD BUSINESS SYSTEMS, INC., 5120 Shoreham Place, Suite 280, San Diego, California, 92122) to accept all of the terms of this Customer License Agreement. Any attempt by you to otherwise rent, sublicense, assign or transfer any of the rights, duties or obligation hereunder is void and may be the cause for immediate termination of the license. DSD BUSINESS SYSTEMS, INC. may assign any of its rights and obligation under this agreement to any party without notice to you.
