It is possible to be unable to duplicate a problem, because of data corruption or because we have not exactly duplicated a particular operating environment. In such circumstances, we can only continue to try to fix the problem if we can either access the system with Symantec PCAnywhere or by some other means access or duplicate the system.

How the Multi-Currency B/R Module Works

The **Multi-Currency Bank Reconciliation** enhancement provides the **Sage 100** user with the ability to reconcile bank accounts in their original currency. Checks, deposits and adjustments posted from the Accounts Payable, Accounts Receivable and General Ledger modules are stored in the Bank's Currency. This allows the user to reconcile bank accounts easily and accurately.

Bank Reconciliation Multi-Currency Features

- **Bank Accounts in Foreign Currencies:** A currency is defined for each Bank Account.
- **Checks, Deposits and Adjustments in Bank Currency:** Checks, Deposits, and Adjustments from Accounts Payable, Accounts Receivable, and General Ledger are posted in the Bank's Currency for easy reconciliation.
- **Edit Checks, Deposits and Adjustment:** You may modify the Entry Currency Code, Entry Currency Amount, and Base Currency Amount of any Check, Deposit or Adjustment.
- **Bank Register in Bank Currency:** Print the Bank Reconciliation Register in each Bank's Currency for easy and accurate reconciliation.
- **Bank Recap Report in Bank Currency:** Print the Recap Report in each Bank's Currency.

Reports

The following reports have been modified for the Multi-Currency Bank Reconciliation module:

- Bank Reconciliation Register
- Bank Transaction Recap Report

Section B: Getting Started

CAUTION

- **If you reinstall or upgrade one of the Sage 100 modules listed in the following table, you must also reinstall this Enhancement.**
- Enhancements from different Sage Developers are generally not designed to work together. If installed together, problems are likely to occur.
- **Check with DSD before installing more than one Enhancement.**

Required Levels

Sage 100 Module	Module Required	Required Level
B/R	Y	5.20
CUMC	Y	5.20

Installation

1. **Back-up:** Exit all Sage 100 sessions. Back-up existing Sage 100 data.
2. **Check Levels:** Sage 100 module levels **must match** those listed above.
3. **Run Enhancement Setup Program:** Save the executable installation program (sent to you or downloaded from our website) in a convenient location on the Sage 100 server. Launch the program from Windows Explorer or by selecting Start/Run, and then browse for the file in the location you saved it. Follow on-screen instructions.
4. **Send your Sage Serial Number to your DSD Representative:** Send your Sage Serial Number to your DSD representative in order for us to send you back the encrypted keys to unlock your system. This serial number can be found in Library Master\Setup\System Configuration, Tab 3. Registration as Serial Number.
5. **Re-Start Sage 100:** Sage 100 will be updated.
6. **Unlock the Enhancement:** DSD Enhancements must be unlocked to run. When any part of the Enhancement is run for the first time, the **DSD Enhancement License Agreement and Activation** window will appear. Follow the steps shown on that window. *You can click the Help button for more detailed instructions.*

Note: On the next page is a screenshot of the DSD Enhancement License Agreement and Activation window.

After accepting the License Agreement, you can then select the type of unlocking that you'd prefer. The choices are File, Web, Demo and Manual Entry.

File Unlock: After receiving your encrypted serial number key file from DSD, and placing that file in the MAS90/SOA directory, selecting this option will unlock all products keys contained in the file. This means you can unlock all enhancements at once using this option.

Web Unlock: If the system that is running the DSD Enhancement *has web access* and you *have sent DSD your Sage Serial number*, you can unlock the Enhancement without assistance using Web Unlock. When this option is selected, the program will attempt to download encrypted serial number key file from DSD *and then proceed to unlock all enhancements contained in the file.*

- *The Sage 100 system that is being used must have web access for this option to be effective.*
- *You can send your Sage Serial Number to your DSD Enhancements sales representative.*

Demo Unlock: If a Demo mode is available for the Enhancement you're running, you will be able to Demo unlock the product without assistance from DSD for demo purposes.

- *Creating a Demo Unlock is a good way to temporarily unlock DSD Enhancements off-hours, if you do not have web or email access. Later, you can unlock the product fully, during business hours.*

The screenshot shows a software window titled "DSD Enhancement License Agreement and Activation". The window contains a "License Agreement" section with a scrollable text area. Below the agreement are four numbered steps: 1. Agree to License Agreement (radio buttons for Agree and Disagree), 2. Select Unlocking Type (radio buttons for Web, File, Demo, and Manual Entry), 3. Call DSD at 858-550-5900 (text boxes for End User Name and Serial Number), and 4. Enter the following from DSD (text box for Activation Key). There is an "Unlock Product" button and "Help" and "Exit" buttons at the bottom.

Manual Entry Unlock: If you want to unlock a single enhancement using a single encrypted key, you can select this option and enter the 64 character key you receive from DSD by copy and paste.

*Note: You can also unlock a DSD Enhancement through the DSD Enhancement Control Panel found on the Library Master Utilities Menu. Then, select the Enhancement with your mouse from the list of Enhancements and click the **Unlock Product** button on the right side of the window.*

7. **Convert Data:** After registration, the Data Conversion window will appear. Follow on-screen instructions to complete data conversion. *You can exit the conversion program without converting data. The Enhancement will not proceed, however, until data is converted. If you enter an enhanced program and data has not been converted, the conversion program will run again.*

DSD Enhancement Control Panel

Starting with version 3.61, all DSD Enhancement products include DSD's Enhancement Control Panel. The DSD Enhancement Control Panel is accessed from the Library Master Utilities menu.

The DSD Enhancement Control Panel is a simple to use yet powerful system to help maintain DSD Enhancements installed on a Sage 100 system. To use it, select an Enhancement product from the list on the window and then click the button, on the right side of the window, which corresponds with the desired task.

View Manual: This button will display the product manual for the selected Enhancement using Adobe Acrobat. For this to be possible, the PDF file for the corresponding manual must be in the "MAS90/PDF" folder in the Sage 100 system. If the file is not present, and the system has web access, the correct PDF file will be automatically downloaded from the DSD website, put into the "MAS90/PDF" folder and then displayed.

Check the Web for Updates: This button will check the DSD website to see what the current build is the selected Enhancement and alert the user if a later version is available. *This requires an FTP web connection on the Sage 100 system.*

Unlock Product: This will cause the DSD Enhancement License Agreement and Activation window to appear. Using this window is described on the previous page. *This button is disabled if the selected Enhancement is already unlocked.*

Unlock All Products: This will cause the DSD Enhancement All License Agreement and Activation window to appear. This window is similar to the one described on the previous page, but has only web and file as options to unlock. *This button is never disabled.*

Convert Data: After verification, the selected Enhancements data conversion program will run. Data conversion is non-destructive, and may be triggered any number of times. Sometimes this is required to fix data records imported or updated from a non-enhancement installation.

Help: The Help button, located at the bottom right of the window, opens an HTML help file .

Get Adobe Acrobat: Opens the Adobe Acrobat website to the page where Acrobat can be downloaded and installed.

Uninstall Enhancement If this option is available, then selecting this button will start the un-install process, removing the enhancement from the system.

There are also links to the DSD website and the Enhancement page on that site.

Section C: Setup

Multi-Currency Bank Reconciliation Setup

Data You Need

Before beginning the Multi-Currency Startup process, you should have the following information assembled and available for use:

- List of Bank Accounts used including its Currency Code.
- List of outstanding Checks as of the last reconciled statement including Check Number, Date, Payee Name, Base Currency Amount, and Entry Currency Amount.
- List of outstanding Deposits as of the last reconciled statement including Deposit Number, Date, Reference, Base Currency Amount and Entry Currency Amount.
- List of outstanding Adjustments as of the last reconciled statement including Adjustment Number, Date, Reference, Base Currency Amount and Entry Currency Amount.

A new **Currency Button** has been added to all Multi-Currency related screen prompts. Select this button to access the new Multi-Currency Settings Panel.

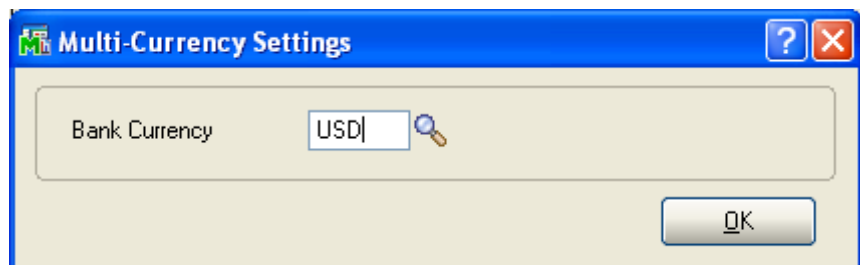

Most screens have been modified to display on the bottom of the panel the Currency of amounts being displayed or entered.

Bank Code Maintenance

This program is used to set up a Currency Code for each Bank Account. This allows the user to keep bank account balances in their own currency, and facilitates bank statement reconciliation.

Bank Code Maintenance has been modified to include a new **Currency Button** on the Main Panel. When selecting this button, the following panel is displayed:

Bank Currency: Enter the Currency Code for this Bank Account. Select the List Mode to display a list of Currency Codes on file

Section D: System Operations

Check, Deposit and Adjustment Entry

This program is used to enter new bank transactions or edit the currency data of existing transactions.

The Check, Deposit & Adjustment Entry program has been modified to include three new fields on the Check and Dep/Adjustment Grids:

Check No.	Entry No.	Check Date	Reference	Payee Name	Amount	Cleared	Entry Currency	Entry Currency Amt	Base Currency Amt	
1	001729	000000	5/5/2010	01ANDERS	Anders Auto Repair	3,540.50	<input type="checkbox"/>	USD	3,540.50	3,540.50
2	001730	000000	5/5/2010	02ARROW	Arrowsmith Drinking \	75.00	<input type="checkbox"/>	USD	75.00	75.00
3	SVCCHG	000000	5/31/2010		Service Charges	65.00	<input checked="" type="checkbox"/>	USD	65.00	65.00
4						.00	<input type="checkbox"/>		.00	.00

Entry Currency: This is the Currency Code for this transaction, and may be edited by the user. An ALE Lookup is available on this field.

Entry Currency Amt: This is the Entry Currency Amount for this transaction, based on the Entry Currency Code.

Base Currency Amt: This is the Base Currency Amount for this transaction.

Note: The “Amount” Column is the amount in **Bank Currency**.

Note: If these three fields do not show on your panel, you may need to reset your Form by right-clicking the form, and selecting **Form Settings / Rest Form**.

Reconcile Bank

The **Bank Currency** field has been added to the top of this Panel. All amounts display in the selected Bank's Currency. The Statement Balance amount must be entered in the Bank's Currency.

Check No.	Check Date	Reference	Payee Name	Amount	Clear
1	5/5/2010	01ANDERS	Anders Auto Repair	3,540.50	<input type="checkbox"/>
2	5/5/2010	02ARROW	Arrowsmith Drinking Water	75.00	<input type="checkbox"/>
3	5/31/2010		Service Charges	65.00	<input checked="" type="checkbox"/>

Bank Reconciliation Register

This register has been modified to print all amounts in each Bank's Currency. The Bank's Currency Code has been added to the Register, to the right of the Bank Code Description.

Bank Transaction Recap Report

This report has been modified to print all amounts in each Bank's Currency. The Bank's Currency Code has been added to the Report, to the right of the Bank Code Description.

Estimated Cash Flow Analysis

The Estimated Cash Flow Analysis has not been modified for Multi-Currency.

Section E: Crystal Reports

The following Sage 100 Data Dictionaries for Crystal Reports have been updated with the Multi-Currency information:

BR_Options

BR_Transaction

BR_ReconciliationRegisterWrk

BR_BankRecapWrk

NOTE: DSD Business Systems is not responsible for any problems with use of Crystal Reports. DSD is only responsible for providing the Data Dictionaries to report from.

Section G: Uninstall DSD Enhancements

A DSD Enhancements Uninstall Utility has been provided for the purposes of removing DSD Enhancements from your Sage 100 System. This utility may be accessed from the **DSD Enhancement Control Panel** menu option on the **Library Master / Utilities** menu.

When accessing the **DSD Utility Suite**, select the enhancement that you wish to Uninstall, and then select the **Uninstall Enhancement** button. The following message box will appear:

Select **No** to exit the Uninstall Process.
 Select **Yes** to continue with the Uninstall Process.

The following message box will appear, to remind you that a complete backup of your entire MAS90 system should be completed prior to uninstalling a DSD product.

Select No to exit the Uninstall Process.
Select Yes to continue with the Uninstall Process.

After the Uninstall of the DSD Enhancement, you MUST reinstall certain standard Sage 100 modules, followed by reinstallation of MAS Service Packs / Updates, if applicable.

The following message box will appear, and will display which of those specific Sage 100 modules you must reinstall afterwards.

Select No to exit the Uninstall Process.
Select Yes to continue with the Uninstall Process.

The following message box will appear, displaying the final warning message.

Select **No** to exit the Uninstall Process.

Select **Yes** to continue with the Uninstall Process. At this point, the DSD Enhancement will be removed from the Sage 100 system.

After completion of the Uninstall, the following message box will appear. Select OK to continue.

Now that the Uninstall process is completed, you must:

- Reinstall the applicable standard Sage 100 modules
- Reinstall the latest Sage 100 Service Pack/Updates, if applicable.
- Reinstall any other DSD Enhancements or Developer products that are affected from the reinstallation of the standard Sage 100 module(s).

4. **WARRANTY.** DSD BUSINESS SYSTEMS, INC. software is licensed "as is" with no warranties of any kind, either expressed or implied, other than the following: DSD BUSINESS SYSTEMS will repair any bugs or flaws found in the software. Flaws of a critical nature which affect the basic functionality of the software will be repaired on an "emergency" basis, with a corrected distribution diskette sent via UPS Blue or equal. Flaws of a non-critical or cosmetic nature will be repaired on a timely basis, and a corrected distribution diskette sent via UPS ground or regular mail. All incidental or consequential damages that result from any defect in the software, even if DSD Business Systems, Inc. has been advised of the possibility of such damages will be assumed by you.

5. **LIMITED WARRANTY FOR DISKETTES.** To the original licensee only, DSD BUSINESS SYSTEMS, INC. warrants the magnetic diskette on which the Program is recorded to be free from defects in materials and faulty workmanship under normal use and service for a period of ninety days from the date the Program is delivered. Any implied warranties of merchantability and fitness for a particular purpose are limited in duration to the period of ninety (90) days from the date of delivery. If, during this 90 day period, a defect in the diskette should occur, the diskette may be returned DSD BUSINESS SYSTEMS, INC., 5120 Shoreham Place, Suite 280, San Diego, California, 92122, or to any authorized DSD BUSINESS SYSTEMS, INC. Dealer, and the diskette will be replaced without charge to you, provided that you have previously returned the Warranty Registration Card along with a copy of your sales receipt for the Program.
6. **NO OTHER WARRANTIES.** No dealer or distributor of DSD BUSINESS SYSTEMS, INC. products or any agent of DSD BUSINESS SYSTEMS, INC. is authorized to make any representation of warranty with respect to the Program except those expressly stated in the Customer License Agreement.
7. **LIMITATION OF LIABILITY.** Neither DSD BUSINESS SYSTEMS, INC. nor anyone else who has been involved in the creation, production or delivery of this program shall be liable for any direct, incidental or consequential damages.
8. **TERM.** This license is effective until terminated. You may terminate it at any time by returning the Program and Documentation together with all copies, modifications and merged portions in any form to DSD BUSINESS SYSTEMS, INC. The license will also be terminated by DSD BUSINESS SYSTEMS, INC. immediately and without notice if you fail to comply with any term or condition of this License Agreement.
9. **ACKNOWLEDGMENT.** Your opening this package, use of this program or signature on the warranty registration card acknowledges that you have read this customer license agreement and agree to its terms. You further agree that the license agreement is the complete and exclusive statement of the agreement between yourself and DSD BUSINESS SYSTEMS, INC. and supersedes any proposal or prior agreement, oral or written, and any other communications between yourself and DSD BUSINESS SYSTEMS, INC or dealers and distributors of DSD BUSINESS SYSTEMS, INC products relating to the subject matter of this agreement.
10. **ASSIGNMENT.** You may not sublicense this license or the Program. You may not rent this Program or the use of the Program. You may not transfer this copy of the Program unless the recipient agrees in writing (and a copy of such acceptance is sent to DSD BUSINESS SYSTEMS, INC., 5120 Shoreham Place, Suite 280, San Diego, California, 92122) to accept all of the terms of this Customer License Agreement. Any attempt by you to otherwise rent, sublicense, assign or transfer any of the rights, duties or obligation hereunder is void and may be the cause for immediate termination of the license. DSD BUSINESS SYSTEMS, INC. may assign any of its rights and obligation under this agreement to any party without notice to you.
