It is possible to be unable to duplicate a problem, because of data corruption or because we have not exactly duplicated a particular operating environment. In such circumstances, we can only continue to try to fix the problem if we can either access the system with Symantec PCAnywhere or by some other means access or duplicate the system.

Royalty Calculation and Maintenance Features

This Extended Solution to the Inventory Management and Accounts Payable modules creates a system of marking Inventory Items as eligible to receive Royalties, defining by Item what its Royalty Percentage is as well as the Vendor who will receive the payments, then writing royalty records to a new file as part of Sales Order Sales Journal update. Records in this file can be edited via a new menu option.

Section B: Getting Started

- **If you reinstall or upgrade one of the Sage 100 modules listed in the following table, you must also reinstall this Enhancement.**
- Enhancements from different Sage Developers are generally not designed to work together. If installed together, problems are likely to occur.
- **Check with DSD before installing more than one Enhancement.**

Required Levels

Sage 100 Module	Module Required	Required Level
A/P	Y	5.30
I/M	Y	5.30

Installation

1. **Back-up:** Exit all Sage 100 sessions. Back-up existing Sage 100 data.
2. **Check Levels:** Sage 100 module levels **must match** those listed above.
3. **Run Enhancement Setup Program:** Save the executable installation program (sent to you or downloaded from our website) in a convenient location on the Sage 100 server. Launch the program from Windows Explorer or by selecting Start/Run, and then browse for the file in the location you saved it. Follow on-screen instructions.
4. **Send your Sage Serial Number to your DSD Representative:** Send your Sage Serial Number to your DSD representative in order for us to send you back the encrypted keys to unlock your system. This serial number can be found in Library Master\Setup\System Configuration, Tab 3. Registration as Serial Number.
5. **Re-Start Sage 100:** Sage 100 will be updated.
6. **Unlock the Enhancement:** DSD Enhancements must be unlocked to run. When any part of the Enhancement is run for the first time, the **DSD Enhancement License Agreement and Activation** window will appear. Follow the steps shown on that window. *You can click the Help button for more detailed instructions.*

Note: On the next page is a screenshot of the DSD Enhancement License Agreement and Activation window.

After accepting the License Agreement, you can then select the type of unlocking that you'd prefer. The choices are File, Web, Demo and Manual Entry.

File Unlock: After receiving your encrypted serial number key file from DSD, and placing that file in the MAS90/SOA directory, selecting this option will unlock all products keys contained in the file. This means you can unlock all enhancements at once using this option.

Web Unlock: If the system that is running the DSD Enhancement *has web access* and you *have sent DSD your Sage Serial number*, you can unlock the Enhancement without assistance using Web Unlock. When this option is selected, the program will attempt to download encrypted serial number key file from DSD *and then proceed to unlock all enhancements contained in the file*.

- The Sage 100 system that is being used must have web access for this option to be effective.
- You can send your Sage Serial Number to your DSD Enhancements sales representative.

Demo Unlock: If a Demo mode is available for the Enhancement you're running, you will be able to Demo unlock the product without assistance from DSD for demo purposes.

- *Creating a Demo Unlock is a good way to temporarily unlock DSD Enhancements off-hours, if you do not have web or email access. Later, you can unlock the product fully, during business hours.*

Manual Entry Unlock: If you want to unlock a single enhancement using a single encrypted key, you can select this option and enter the 64 character key you receive from DSD by copy and paste.

Note: You can also unlock a DSD Enhancement through the **DSD Enhancement Control Panel** found on the **Library Master Utilities Menu**. Then, select the Enhancement with your mouse from the list of Enhancements and click the **Unlock Product** button on the right side of the window.

7. **Convert Data:** After registration, the Data Conversion window will appear. Follow on-screen instructions to complete data conversion. *You can exit the conversion program without converting data. The Enhancement will not proceed, however, until data is converted. If you enter an enhanced program and data has not been converted, the conversion program will run again.*

DSD Enhancement Control Panel

Starting with version 3.61, all DSD Enhancement products include DSD's Enhancement Control Panel. The **DSD Enhancement Control Panel** is accessed from the **Library Master Utilities** menu.

The DSD Enhancement Control Panel is a simple to use yet powerful system to help maintain DSD Enhancements installed on a Sage 100 system. To use it, select an Enhancement product from the list on the window and then click the button, on the right side of the window, which corresponds with the desired task.

View Manual: This button will display the product manual for the selected Enhancement using Adobe Acrobat. For this to be possible, the PDF file for the corresponding manual must be in the "MAS90/PDF" folder in the Sage 100 system. If the file is not present, and the system has web access, the correct PDF file will be automatically downloaded from the DSD website, put into the "MAS90/PDF" folder and then displayed.

Check the Web for Updates: This button will check the DSD website to see what the current build is the selected Enhancement and alert the user if a later version is available. *This requires an FTP web connection on the Sage 100 system.*

Unlock Product: This will cause the DSD Enhancement License Agreement and Activation window to appear. Using this window is described on the previous page. *This button is disabled if the selected Enhancement is already unlocked.*

Unlock All Products: This will cause the DSD Enhancement All License Agreement and Activation window to appear. This window is similar to the one described on the previous page, but has only web and file as options to unlock. *This button is never disabled.*

Convert Data: After verification, the selected Enhancements data conversion program will run. Data conversion is non-destructive, and may be triggered any number of times. Sometimes this is required to fix data records imported or updated from a non-enhancement installation.

Help: The Help button, located at the bottom right of the window, opens an HTML help file .

Get Adobe Acrobat: Opens the Adobe Acrobat website to the page where Acrobat can be downloaded and installed.

Uninstall Enhancement If this option is available, then selecting this button will start the un-install process, removing the enhancement from the system.

There are also links to the DSD website and the Enhancement page on that site.

Section C: Setup

Upon completion of software installation, you will need to access the DSD Extended Solutions Setup from the Inventory Management Setup menu. Select this part number and the Setup screen for this Extended Solution will appear. Check the 'Enable DSD Extended Solution' box to activate this Extended Solution.

Item Vendors Maintenance

Item Vendors Maintenance has been modified with a new 'Royalty Percent' field, which can be accessed via the 'More' button.

The screenshot shows the 'Sage Item Vendors Maintenance' window. At the top, the 'Item Code' is '1001-HON-H252' and the description is 'HON 2 DRAWER LETTER FLE W/O LK'. Below this is a table with columns: Vendor No., PV, Name, Vendor Item Code, Last Cost, Lead Time, and Vendor Warranty. The table lists three vendors: 01-CONT (Container Corpora), 01-STEV (Stevens Supply), and an empty row. A modal dialog titled 'Sage Royalty Percent' is open, showing a text field with '5.000%' and an 'OK' button. At the bottom of the main window, there are fields for 'Last Receipt No.', 'Last Receipt Date', 'Last Lead Time', 'Last Receipt Quantity', 'Last Allocated Cost', 'Last Cost', 'Last Return No.', 'Last Return Date', and 'Primary Vendor'. A 'More...' button is located at the bottom left, and 'Accept', 'Cancel', and a help icon are at the bottom right.

Buttons: More... Accept Cancel ?

This field will allow you to add or modify a record in the Item Royalty Maintenance file 'on-the-fly.' The system will check the file for an existing record. If the vendor/item record exists, it will display its current Royalty Percentage. If there is no current record on file, then it will display 0%.

When the value in the Royalty Percent field has been modified and you click 'OK,' the following message will display:

If you answer 'Yes,' and there was no previous record in Item Royalty Maintenance, one will be created. If one existed, then the new Percentage will be updated.

If you answer 'No,' then the modified value on the Royalty Percent field will be ignored and the cursor will move to the 'OK' button.

Sales Order Sales Journal Update

During S/O Sales Journal update, the Extended Solution will check each Inventory line to see if there are any records in the Item Royalty Maintenance file that match this Inventory Item. For each match it finds, a record will be written to the A/P Royalty Detail file, one for each Item/Vendor. The program will use the Royalty Percent defined for that Item/Vendor to create a Royalty Amount calculated by Item as (Sales Amount * Royalty Percent).

A/P Royalty Edit Maintenance

All of the records created from Sales Journal update are available for viewing on this new option to the A/P Setup menu (Figure 6). 'Royalty to Pay' defaults from Royalty Amount during Sales Journal update, and may be edited here.

Vendor No.	01-AIRWAY		
Name	Airway Property		
Item Code	1001-HON-H252	HON 2 DRAWER LETTER FLE W/O LK	
Invoice No	0100057		

Invoice Date	11/30/2016	Item Sales Amount	7,980.00
Invoice Total	7,980.00	Item Cost of Goods Sold	3,425.00
Royalty Amount	239.40	Royalty Percent	3.000%
Royalty To Pay	239.40		

You must specify a Vendor Number/Item Code/Invoice Number to recall a record. If the Vendor Number is defined, then the  next to the Vendor Number field will recall only existing records in the file. If the Vendor Number has already been defined, then the  next to the Item Code field will only display Item records for that Vendor.

The lookup button next to the Invoice Number field allows you to see only the invoices for the currently selected Item/Vendor.

Once an Item/Vendor/Invoice Number has been selected then the only the 'Royalty to Pay' field is open for edit; all other fields associated with the record are display only:

Invoice Date: SO Invoice Date

Invoice Total: The total amount of the current invoice.

Royalty Amount: Royalty Percent * Invoice Line Extension.

Item Sales Amount: Invoice Line Extension.

Item Cost of Goods Amount: Unit Cost * Quantity Shipped.

Royalty Percent: The Royalty Percent used for this invoice

'Royalty to Pay' defaults from the Royalty Amount during Sales Journal Update. As a change is made to 'Royalty to Pay,' the program will set a 'Flagged for Edit' field to 'Y,' therefore printing it on a new report which is available via the Print Button. This report will detail each of the records which were modified in Royalty Edit Maintenance (i.e., any record in the file that has a 'Y' in its 'Flagged for Edit' field). After printing is complete, all Flagged for Edit fields will be set to 'N.' See Figure 7 an example of the report.

AP Period End – Royalty Purging

A Royalty Purge Utility has been added to the A/P Utilities menu (Figure 8). This allows you to clear the existing records from the file by a range of S/O Invoice Dates.

After filling in the Starting and Ending Invoice dates, you will have these options:

Print: This option will print a report listing all the records that will be deleted (Figure 9). It will then prompt to Purge (Figure 10). If you answer 'Yes,' then all records in the file between the date range entered will be deleted. If you answer 'No,' then you will be returned to the launcher.

Purge: This option will delete records in the date range with no report of what has been deleted. It will present you with the same 'Do You Want to Purge Royalty Records' prompt before proceeding.

Section E: Uninstall DSD Enhancements

A DSD Enhancements Uninstall Utility has been provided for the purposes of removing DSD Enhancements from your Sage 100 System. This utility may be accessed from the **DSD Enhancement Control Panel** menu option on the **Library Master / Utilities** menu.

When accessing the **DSD Utility Suite**, select the enhancement that you wish to Uninstall, and then select the **Uninstall Enhancement** button. The following message box will appear:

Select **No** to exit the Uninstall Process.
Select **Yes** to continue with the Uninstall Process.

The following message box will appear, to remind you that a complete backup of your entire Sage 100 system should be completed prior to uninstalling a DSD product.

Select **No** to exit the Uninstall Process.

Select **Yes** to continue with the Uninstall Process.

After the Uninstall of the DSD Enhancement, you **MUST** reinstall certain standard Sage 100 modules, followed by reinstallation of MAS Service Packs / Updates, if applicable.

The following message box will appear, and will display which of those specific Sage 100 modules you must reinstall afterwards.

Select **No** to exit the Uninstall Process.

Select **Yes** to continue with the Uninstall Process.

The following message box will appear, displaying the final warning message.

Select **No** to exit the Uninstall Process.

Select **Yes** to continue with the Uninstall Process. At this point, the DSD Enhancement will be removed from the Sage 100 system.

After completion of the Uninstall, the following message box will appear. Select OK to continue.

Now that the Uninstall process is completed, you must:

- Reinstall the applicable standard Sage 100 modules
- Reinstall the latest Sage 100 Service Pack/Updates, if applicable.
- Reinstall any other DSD Enhancements or Developer products that are affected from the reinstallation of the standard Sage 100 module(s).

3. **RESTRICTIONS ON USE AND TRANSFER.** The original and any backup copies of the Program and its documentation are to be used only in connection with a single computer or network fileserver. You may physically transfer the Program from one computer to another, provided that the Program is used in connection with only one computer or network fileserver at a time. You may not distribute copies of the Program Documentation to others. The Program is to be used exclusively for business purposes and not for personal, family or household use. YOU MAY NOT USE, COPY, MODIFY, OR TRANSFER THE PROGRAM, IN WHOLE OR IN PART, EXCEPT AS EXPRESSLY PROVIDED FOR IN THIS LICENSE AGREEMENT. IN ADDITION YOU MAY NOT MODIFY, ADAPT, TRANSLATE, REVERSE ENGINEER, DECOMPILE, DISASSEMBLE THE PROGRAM, OR CREATE ANY DERIVATIVE WORK BASED UPON THE PROGRAM.
4. **WARRANTY.** DSD BUSINESS SYSTEMS, INC. software is licensed "as is" with no warranties of any kind, either expressed or implied, other than the following: DSD BUSINESS SYSTEMS will repair any bugs or flaws found in the software. Flaws of a critical nature which affect the basic functionality of the software will be repaired on an "emergency" basis, with a corrected distribution diskette sent via UPS Blue or equal. Flaws of a non-critical or cosmetic nature will be repaired on a timely basis, and a corrected distribution diskette sent via UPS ground or regular mail. All incidental or consequential damages that result from any defect in the software, even if DSD Business Systems, Inc. has been advised of the possibility of such damages will be assumed by you.

5. **LIMITED WARRANTY FOR DISKETTES.** To the original licensee only, DSD BUSINESS SYSTEMS, INC. warrants the magnetic diskette on which the Program is recorded to be free from defects in materials and faulty workmanship under normal use and service for a period of ninety days from the date the Program is delivered. Any implied warranties of merchantability and fitness for a particular purpose are limited in duration to the period of ninety (90) days from the date of delivery. If, during this 90 day period, a defect in the diskette should occur, the diskette may be returned DSD BUSINESS SYSTEMS, INC., 5120 Shoreham Place, Suite 280, San Diego, California, 92122, or to any authorized DSD BUSINESS SYSTEMS, INC. Dealer, and the diskette will be replaced without charge to you, provided that you have previously returned the Warranty Registration Card along with a copy of your sales receipt for the Program.
6. **NO OTHER WARRANTIES.** No dealer or distributor of DSD BUSINESS SYSTEMS, INC. products or any agent of DSD BUSINESS SYSTEMS, INC. is authorized to make any representation of warranty with respect to the Program except those expressly stated in the Customer License Agreement.
7. **LIMITATION OF LIABILITY.** Neither DSD BUSINESS SYSTEMS, INC. nor anyone else who has been involved in the creation, production or delivery of this program shall be liable for any direct, incidental or consequential damages.
8. **TERM.** This license is effective until terminated. You may terminate it at any time by returning the Program and Documentation together with all copies, modifications and merged portions in any form to DSD BUSINESS SYSTEMS, INC. The license will also be terminated by DSD BUSINESS SYSTEMS, INC. immediately and without notice if you fail to comply with any term or condition of this License Agreement.
9. **ACKNOWLEDGMENT.** Your opening this package, use of this program or signature on the warranty registration card acknowledges that you have read this customer license agreement and agree to its terms. You further agree that the license agreement is the complete and exclusive statement of the agreement between yourself and DSD BUSINESS SYSTEMS, INC. and supersedes any proposal or prior agreement, oral or written, and any other communications between yourself and DSD BUSINESS SYSTEMS, INC or dealers and distributors of DSD BUSINESS SYSTEMS, INC products relating to the subject matter of this agreement.
10. **ASSIGNMENT.** You may not sublicense this license or the Program. You may not rent this Program or the use of the Program. You may not transfer this copy of the Program unless the recipient agrees in writing (and a copy of such acceptance is sent to DSD BUSINESS SYSTEMS, INC., 5120 Shoreham Place, Suite 280, San Diego, California, 92122) to accept all of the terms of this Customer License Agreement. Any attempt by you to otherwise rent, sublicense, assign or transfer any of the rights, duties or obligation hereunder is void and may be the cause for immediate termination of the license. DSD BUSINESS SYSTEMS, INC. may assign any of its rights and obligation under this agreement to any party without notice to you.
