## **Section A: Introduction**

This manual contains a description and instructions for this DSD product. Operating instructions are included for the features added by this product to Sage 100. For instructions on using Sage 100, refer to the appropriate Sage 100 manual, or call your Sage 100 reseller. DSD Business Systems offers excellent Sage 100 support, at an hourly rate.

#### Web Resources

DSD web site: http://www.dsdinc.com

The Enhancement page contains:

Current Release Schedule Purchasing Information Installation Instructions Product Support Enhancement Links

POEL Purchase Order Landed Cost Entry:

#### http://www.dsdinc.com/enh/pages/POEL.htm

The product web page contains:

Product Description Web Links Current Product Version Table Product Installation File Download Product Manual in .pdf Format Revision History FAQ

#### Support

DSD provides product support through Sage 100 resellers. Support is provided for the current version. Older versions are supported at an hourly rate. DSD's telephone number is **858-550-5900**. Fax: **858-550-4900**.

For a hard error, where the program displays an error dialog, report:

Error number. Program name. Line number. Program version. Exact sequence that caused the error, including menus and menu selections. Other pertinent information.

User's Manual

If leaving a message or faxing, please include:

*Your name. Your phone number (and fax if applicable) and extension.* 

It is possible to be unable to duplicate a problem, because of data corruption or because we have not exactly duplicated a particular operating environment. In such circumstances, we can only continue to try to fix the problem if we can either access the system remotely or by some other to duplicate the system.

#### **Purchase Order Landed Cost Entry Features**

This enhancement to the Purchase Order module adds the ability to add Landed Cost records to standard Purchase Order prior to the creation of receipts. When the receipt is created in Receipt of Goods Entry, the landed cost information will be carried over from the originating purchase order.

## **Section B: Getting Started**

# CAUTION

• If you reinstall or upgrade one of the Sage 100 modules listed in the following table, you must also reinstall this Enhancement.

• Enhancements from different Sage Developers are generally not designed to work together. If installed together, problems are likely to occur.

• Check with DSD before installing more than one Enhancement.

#### **Required Levels**

Sage 100	Module	Required
Module	Required	Level
P/O	Y	7.10

#### Installation

- 1. Back-up: Exit all Sage 100 sessions. Back-up existing Sage 100 data.
- 2. Check Levels: Sage 100 module levels must match those listed above.
- 3. Run Enhancement Setup Program: Save the executable installation program (sent to you or downloaded from our website) in a convenient location on the Sage 100 server. Launch the program from Windows Explorer or by selecting Start/Run, and then browse for the file in the location you saved it. Follow on-screen instructions.
- 4. Send your Sage Serial Number to your DSD Representative: Send your Sage Serial Number to your DSD representative in order for us to send you back the encrypted keys to unlock your system. This serial number can be found in Library Master\Setup\System Configuration, Tab 3. Registration as Serial Number.
- 5. **Re-Start Sage 100:** Sage 100 will be updated.
- 6. Unlock the Enhancement: DSD Enhancements must be unlocked to run. When any part of the Enhancement is run for the first time, the DSD Enhancement License Agreement and Activation window will appear. Follow the steps shown on that window. You can click the Help button for more detailed instructions.

**Note:** On the next page is a screenshot of the DSD Enhancement License Agreement and Activation window.

After accepting the License Agreement, you can then select the type of unlocking that you'd prefer. The choices are File, Web, Demo and Manual Entry.

**File Unlock:** After receiving your encrypted serial number key file from DSD, and placing that file in the MAS90/SOA directory, selecting this option will unlock all products keys contained in the file. This means you can unlock all enhancements at once using this option.

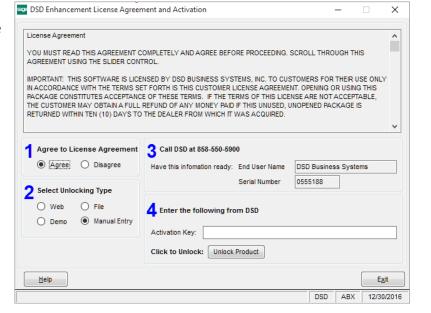

**Web Unlock:** If the system that is running the DSD Enhancement *has web access* and you *have sent DSD your Sage Serial number*, you can unlock the Enhancement without assistance using Web Unlock. When this option is selected, the program will attempt to download encrypted serial number key file from DSD *and then proceed to unlock all enhancements contained in the file.* 

- The Sage 100 system that is being used must have web access for this option to be effective.
- You can send your Sage Serial Number to your DSD Enhancements sales representative.

**Demo Unlock:** If a Demo mode is available for the Enhancement you're running, you will be able to Demo unlock the product without assistance from DSD for demo purposes.

> Creating a Demo Unlock is a good way to temporarily unlock DSD Enhancements off-hours, if you do not have web or email access. Later, you can unlock the product fully, during business hours.

Manual Entry Unlock: If you want to unlock a single enhancement using a

single encrypted key, you can select this option and enter the 64 character key you receive from DSD by copy and paste.

**Note:** You can also unlock a DSD Enhancement through the <u>DSD Enhancement Control Panel</u> found on the Library Master Utilities Menu. Then, select the Enhancement with your mouse from the list of Enhancements and click the **Unlock Product** button on the right side of the window.

7. **Convert Data:** After unlocking, the DSD Conversion Wizard will appear. Follow on-screen instructions to complete data conversion. You can exit the conversion program without converting data. The Enhancement will not proceed, however, until data is converted. If you enter an enhanced program and data has not been converted, the conversion program will run again.

#### DSD Enhancement Control Panel

Starting with version 3.61, all DSD Enhancement products include DSD's Enhancement Control Panel. The **DSD Enhancement Control Panel is accessed from the Library Master Utilities menu**.

The DSD Enhancement Control Panel is a simple to use yet powerful system to help maintain DSD Enhancements installed on a Sage 100 system. To use it, select an Enhancement product from the list on the window and then click the button, on the right side of the window, which corresponds with the desired task.

**View Manual:** This button will display the product manual for the selected Enhancement using Adobe Acrobat. For this to be possible, the PDF file for the corresponding manual must be in the "MAS90/PDF" folder in the Sage 100 system. If the file is not

DSD Enhancement Control Pane	1			-	- [	×
Enhancement Product	Ver C	ode Ext	Status	Build Date	MP Exp	ire Date

View Manual Unlo	ck Product			www.dsdinc.com Product Webpage		
View Manual Unio Check Web for Updates Uniock		Multi-I	Convert Data			E <u>x</u> it

present, and the system has web access, the correct PDF file will be automatically downloaded from the DSD website, put into the "MAS90/PDF" folder and then displayed.

**Check the Web for Updates:** This button will check the DSD website to see what the current build is the selected Enhancement and alert the user if a later version is available. *This requires an internet connection on the Sage 100 system.* 

**Unlock Product:** This will cause the DSD Enhancement License Agreement and Activation window to appear. Using this window is described on the previous page. *This button is disabled if the selected Enhancement is already unlocked or if unlocking is not required.* 

**Unlock All Products:** This will cause the DSD Enhancement All License Agreement and Activation window to appear. This window is similar to the one described on the previous page, but has only web and file as options to unlock. *This button is never disabled*.

**Convert Data:** After verification, the selected Enhancement's data conversion program will run. Data conversion is non-destructive, and may be triggered any number of times. Sometimes this is required to fix data records imported or updated from a non-enhancement installation.

**Multi-Convert Data:** Multiple Companies can be converted at the same time for a given Enhancement. (*If you have a large number of Companies to convert, please do in batches of 20 or fewer due to memory limitations.*)

om	ipany Code S	election				-	) >
	-	1					
	Company	Company Name	Activated	Converted	Convert		
1	ABC	ABC Distribution and Service Corp.	<b>I</b>				
2	ABX	American Business Expressions	<b>⊻</b>				
3	XYZ	XYZ Manufacturing Company	<b>I</b>				

Help: The Help button, located at the bottom right of the window, opens an HTML help file.

**Get Adobe Acrobat:** Opens the Adobe Acrobat website to the page where Acrobat can be downloaded and installed.

**Uninstall Enhancement** If this option is available, then selecting this button will start the un-install process, removing the enhancement from the system. (for more information see <u>Uninstall DSD</u> <u>Enhancements</u>)

## **Section C: System Operations**

#### Purchase Order Entry

Once installed, users will now have access to the Landed Cost button in Purchase Order Entry. This will function in the same manner as the Landed Cost button in Receipt of Goods. (Note: Allow Entry of Landed Cost must be enabled in PO Options)

rder Date 6/20/2018 Order Type Standard Order Order Status New Tax Detail Vendor No. 01-AIRWAY Airway Property Landed Co Taxable Purchases Nontaxable Purchases Freight Amount Sales Tax Amount Order Total Less Prepaid Amount Prepaid Check Number Order Balance	<u>1</u> . Prepaid Check Number .00	Order Total	1	DUTY	Duty	Cost	100.00	- 🥪
				Freight	Cost		
		3	<u> </u>			.00	

#### Receipt of Goods Entry

When a Receipt of Goods is created that references a Purchase Order Number, any associated Landed Cost records in the PO234\_OEL\_LandedCostOrder table will be copied to the PO\_LandedCostReceipt table.

When the user navigates to the Totals Tab, the Landed Costs will be re-calculate based on percentage received to the PO:

New Landed Cost Amount = (Receipt Taxable Amount + Non-Taxable Amount) \ (Purchase Order Taxable Amount + Non-Taxable Amount) \* Purchase Order Landed Cost Amount.

If the Receipt Header Override Landed field is set to "Y", no landed cost calculations will be performed.

Receipt Number	001017 🔍 🛃 🚺	4 Þ ÞI 🗐			De <u>f</u> aults	<u>V</u> endo	or 🎬
<u>1</u> . Header	<u>2</u> . Address <u>3</u> . L	ines <u>4</u> . To	tals				Ĵ

Sales Tax Schedule Orange County Use Tax		E-mail	JERRY ALLE (714) 555-9921	Ext			

Receipts with no associated Purchase Order Number will not be modified for Landed Cost calculations. The standard Sage 100 logic will apply.

#### Period End and Purge Completed Purchase Orders

P/O Period End Processing and the Purge Completed Purchase Orders Utility have been modified to now also remove records from the Purchase Order Landed Cost Order table (PO234\_OEL\_LandedCostOrder). Records will only be removed if the correspond Purchase Order is being removed.

#### Dictionary Changes

The following changes have been made to the dictionary upon installation of the enhancement.

<u>Table: PO\_ReceiptHeader</u> Field Name: OEL\_234\_Override Description: Override Landed Cost Type: String Length: 1

Field Name: OEL\_234\_POTaxableAmt Description: Purchase Order Taxable Amount Type: Number

## Section D: Uninstall DSD Enhancements

A DSD Enhancements Uninstall Utility has been provided for the purposes of removing DSD Enhancements from your Sage 100 System. This utility may be accessed from the **DSD Enhancement Control Panel** menu option on the **Library Master / Utilities** menu.

	nent Product		Ver	Code	Ext	Status	E	Build Date	MP Ex	kpire Date
MBIM Mu	ilti-Bin		5.10	MBIM	MBI	No unlocking	req 1	2/27/2010	5	
Selected:	MBIM Multi-Bin									
View	/ Manual						www	v.dsdinc.com	0	
	b for Updates	Unlock All F	Products				Produ	uct Webpage	2	

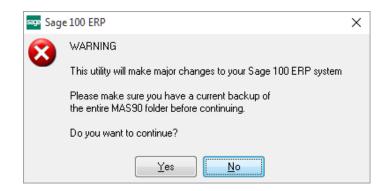

When accessing the **DSD Enhancement Control**, select the enhancement that you wish to Uninstall, and then select the **Uninstall Enhancement** button. The following message box will appear:

Select **No** to exit the Uninstall Process.

Select Yes to continue with the Uninstall Process.

The following message box will appear, to remind you that a complete backup of your entire Sage 100 system should be completed prior to uninstalling a DSD product.

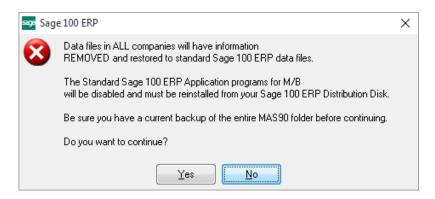

Select **No** to exit the Uninstall Process. Select **Yes** to continue with the Uninstall Process.

After the Uninstall of the DSD Enhancement, you MUST reinstall certain standard Sage 100 modules, followed by reinstallation of Product Updates and Hot Fixes, if applicable.

A message box will appear, and will display which of those specific Sage 100 modules you must reinstall afterwards.

Select **No** to exit the Uninstall Process. Select **Yes** to continue with the Uninstall Process.

The following message box will appear, displaying the final warning message.

Select No to exit the Uninstall Process.

Select **Yes** to continue with the Uninstall Process. At this point, the DSD Enhancement will be removed from the Sage 100 system.

After completion of the Uninstall, the following message box will appear. Select OK to continue.

User's Manual

Now that the Uninstall process is completed, you must:

- Reinstall the applicable standard Sage 100 modules
- Reinstall the latest Sage 100 Service Pack/Updates, if applicable.
- Reinstall any other DSD Enhancements or Developer products that are affected from the reinstallation of the standard Sage 100 module(s).
