SOLVING BUSINESS PROBLEMS

Take your first step towards going paperless with DocLink! By eliminating manual processes for many day-to-day tasks, you'll benefit by better communications with your customers, vendors and employees.

1

DISPARATE BUSINESS DATA CAN'T FIND DOCUMENTS

DocLink brings all types of documents and data into one central repository that's easy to access (you don't have to be in your ERP). This robust solution digitally captures any document for any process, allowing you to eliminate storage silos and search and retrieve whatever you need.

2

INEFFICIENT WORKFLOWS TOO MUCH TIME COMPLETING TASKS

DocLink provides powerful, configurable workflows that allows you to control your processes through automation. From invoices that arrive at various locations to PO processing or putting HR applications through a review process, anything is possible to create and automate.

3

LACK OF VISIBILITY CAN'T SEE WHAT'S IN PROCESS

DocLink provides the visibility you need to more closely monitor workflow statuses and track pending documents stuck in workflows. This allows to you take advantage of early pay discounts, manage audit trails of changes from your team, improve financial reporting, and streamline accounting regardless of multiple locations or even multiple departments.

4

OPERATIONAL INEFFICIENCIES PAYMENTS DELAYED, STAFF INEFFECTIVE

DocLink can help streamline essential tasks throughout your organization, from data entry and payments and approvals, to reconciliations and matching. You can also support a mobile and remote workforce by giving them the ability to capture, access, approve and send documents no matter where they are working.

DOCLINK SOLUTION

Seamless integration to your Sage ERP guarantees **ease of use** and **efficiency** for your entire team.

COSTS

SELF-SERVICE DOCUMENT ACCESS

Assign security permissions so employees only have access to specific documents. Searchable via desktop and mobile, these documents will no longer be lost in filing cabinets or offsite storage.

STREAMLINED APPROVAL FOR TIMELY DELIVERY

Eliminate delays and late penalties by allowing approvers to respond in-office or remotely. Approvers can approve, deny, and add notes to invoices; enter approved GL account codes with ease; and view all supporting documents.

ELIMINATE FILING & MINIMIZE DATA ENTRY

Regardless of how a solution gets into your business, safely capture and index its data automatically. These solutions get that information through email, fax, scan, barcode, and optical character recognition (OCR).

SALES ORDER PROCESSING

DocLink brings greater control and visibility to the sales department from the initial receipt of a customer purchase order to the signed proof of delivery. Automated workflows can be designed to speed the process of receiving and processing orders.

EASY ACCESS FOR BEST CUSTOMER SERVICE

The ability to serve customers is greatly enhanced by having all documents (POs, quotes, etc.) available in one place. The customer experience is improved through quick response time and accurate documentation.

REDUCED CYCLE TIMES

If approval is required, these documents can be routed through workflow for electronic approvals. DocLink also automatically links related documents, eliminating the need to print, copy, distribute, and file paper.

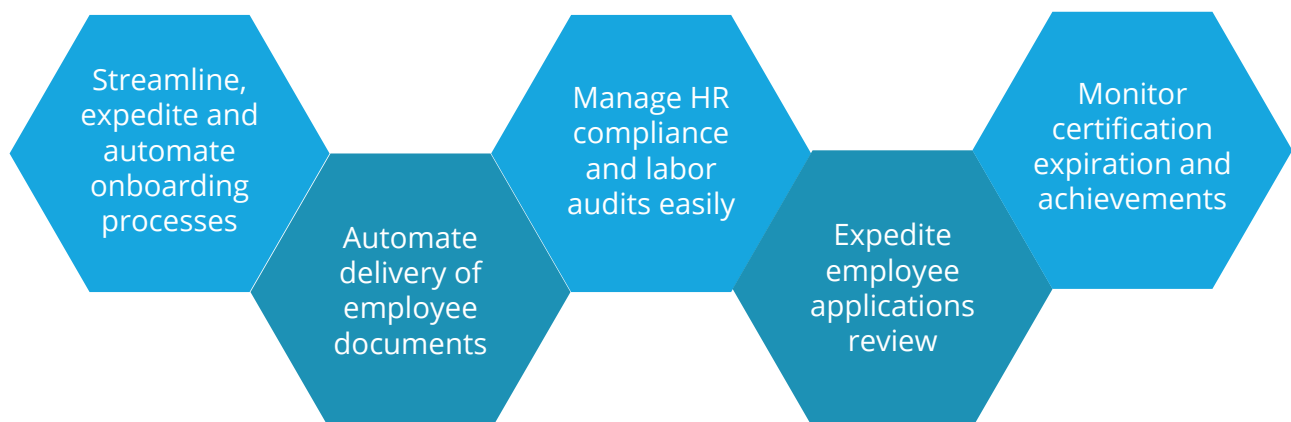

SEAMLESS ERP INTEGRATION

All documents are seamlessly captured as they are entered into or generated by ERP software, and indexed and stored in DocLink with the transaction's data. View documents side-by-side as you work.

HUMAN RESOURCES

HR has traditionally been a department mired in paper, managing resumes, applications, benefit forms, W4's, I9's, employee reviews, and payroll stubs,. DocLink can bring greater control, visibility and security of employee documents to HR, securely storing personnel files and managing employee processes from hire to departure.
